2nd CPSP
Christmas Workshop

What is Scientific Evidence? Foundations, Models, and Methods

13th Dicembre 2024 — Marche Polytechnic University, Faculty of Medicine, room F

h. 11.00 - 11.05	Welcome and Introduction			
h. 11.05 - 11.35	Marco Berzano (Univpm)	<i>Funding Opportunities in Europe</i>	15.15-15.45	Coffee Break
h. 11.35 - 12.15	Abele Donati, Elisa Damiani (Univpm)	<i>Microcirculation monitoring: the next frontier in the hemodynamic management of critically ill patients</i>	15.45-16.45	David Ross (Washington)
	Agnese Secondo (Univpm)	<i>Ionic mechanisms of neurodegeneration as druggable targets</i>		<i>Foundational problems in regulatory assessment of drug safety</i>
	Rosaria Gesuita (Univpm)	<i>Epidemiology and biostatistics: the pillars of evidence-based medicine</i>		Barbara Osimani (Univpm)
				<i>E-Synthesis: a network project for evidence synthesis in the face of ambiguity</i>
h. 12.15 - 14.00	Christmas Brunch	Venue: CPSP Lab 4th Floor, Eustachio Bldg.		Nicola Matteucci (Univpm)
				<i>Status and prospects of the regulatory capture literature</i>
h. 14.00 - 15.15	Aldo Dragoni (Univpm)	<i>AIRLab: Artificial Intelligence Real-Time Systems Laboratory</i>		Gloria Polinesi, M.C. Recchioni, F. Mariani, M. Ciommi (Univpm)
	Marco Piangerelli (Unicam)	<i>Explainability in AI</i>		<i>Well-being: a BETA-distribution-based approach</i>
	Francesco Spegni (Univpm)	<i>Probabilistic Model Checking for Cyber Risk Analysis</i>		Micol Bronzini (Univpm)
	Alexander Gebharter (Univpm)	<i>Evidence, bias, and uncertainty in the sciences</i>		<i>Epistemic Communities, Professional Expertise, and Clinical Practice</i>
	Paolo Baldi (Unisalento)	<i>Logical methods for fair reasoning with data</i>		
	Alessio Tacca (IUSS)	<i>A framework for appropriate reliance on AI.</i>	16.45 - 17.30	Roundtable
